## LAST CALL FOR SPACE IN HAGERSTOWN CAR

Space has been rapidly booked up in the car that we are shipping this spring to Hagerstown Md, to break bulk there and the various orders to be reshipped to customers over the east.

This has proven quite a satisfactory service in the past and if you are in the market for any peach and apple this spring I trust we may have your order by return mail. In nearly every one of these cars we have shipped, somebody gets in too late with their orders to be included in it.

All of the trees that we are offering have been wintered out of doors in the open fields. We have begun taking them up and they are in prime condition. We are sure you will be well pleased with them.

Yours very truly

THE CUMBERLAND NURSERIES

Trees that have been WINTERED OUT OF DOORS on our nursery farms, high up on the Cumberland Plateau, should give better results than northern trees, dug in the early fall and CODDLED IN A COOL HOUSE THROUGH THE WINTER.
